

YOU CAN
COUNT
ON US

ABACUS

Keeping your financial institution's data safe doesn't have to be complicated.

Join other financial and banking institutions in the Mid-Atlantic region who have optimized their IT solutions. Cut down costs on IT expenses and get the best protection from compliance and cybersecurity risks.

OUR SERVICES

MANAGED SERVICES

Simplify your IT needs by hiring one team to do it all. Gain access to a full suite of simple to complex IT solutions including firewall protection, security patching, and equipment management.

FIREWALL MANAGEMENT

Reinforce cloud-based data and local infrastructure by establishing a multi-layer defense system against malicious internet attacks.

COMPLIANCE SUPPORT

Gear up for examinations with robust security, audit support, and reporting. Quarterly IT steering committee meetings and long term planning.

BACKUP & DR TESTING

Prevent data loss with robust data back-ups. Prepare a smart back-up system that will allow business continuity.

VULNERABILITY MANAGEMENT

Eliminate weak spots in your defense structure with a system that continually scrutinizes, patches, and tests known points of vulnerability.

MOBILE DEVICE MANAGEMENT

Mitigate data breaches through remote security control. Gain access to employee and executive devices to prevent the exposure of financial and your customer's private information.

SAFEGUARD YOUR FINANCIAL INSTITUTION WITH **A TEAM YOU CAN COUNT ON.**

YOUR FINANCIAL INSTITUTION DESERVES PROABACUS COMPLIANCE CARE.

DATA SECURITY

Protect your organization from audits, leaks, and compliance issues. Provide account-specific access to sensitive information for maximum protection.

ENDPOINT MANAGEMENT

Install the best security software and applications on all devices. Get the latest updates on anti-virus and anti-malware programs.

EMAIL SOLUTIONS

Upgrade communications with a fortified email system. Train employees to identify phishing and virus attempts and with controlled attacks from your Abacus team.

FFIEC REGULATORY GUIDELINES

Work with financial and IT experts who are knowledgeable of federal compliance laws and regulations. Get proactive help to ensure your institution is up to speed with the ever-changing landscape of financial IT regulatory compliance.

LOCAL SUPPORT

Hire on-demand support or make us your IT team. Work with an Abacus professional who is fully accessible and can provide on-site help whenever necessary.

SCALABLE SOLUTIONS

Adopt scalable IT solutions that work for your organization, not the other way around.

EXPERIENCE THE ABACUS ADVANTAGE

Our highly-experienced team of engineers and support personnel have been supporting businesses like yours since 2001. We are responsive, dedicated and respectful of your needs and time. Our customer commitment:

YOU CAN COUNT ON US!
